Cowley College Welcomes the 2023 Fall Student Body!

Cowley College reports information about the students enrolled on the census or “20th day” to the State of Kansas and IPEDS every fall. 2,166 students were actively attending classes on the 2023 fall census day with 125 of those students arriving on campus from an international location.

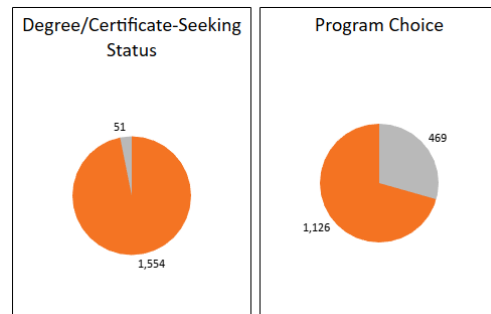

A quick look at a map of the United States shows the highest concentration of students originating from the State of Kansas (1,745) with the second highest number of students from the State of Oklahoma (172).

2023 Fall Census Day Summary Information

97% of the college students enrolled on the 2023 fall census day plan to complete the requirements for a degree or certificate while at Cowley College with 71% selecting a transfer pathway and 29% selecting a career and technical education program.
