

Blackboard Mobile App and Course Syllabi

If you are experiencing issues accessing your course syllabi on the mobile app, please try these steps.

1. Make sure you have Allow Cross-Website Tracking turned on for the Blackboard Mobile App.

2. Logout of the Blackboard Mobile App.
3. Restart your device. (this is similar to clearing the cache in a browser)
4. Re-enter the Blackboard Mobile App and the syllabi should show.
